# About Us

## Premium Quality & Ongoing Growth

Aktina was established in 1995 aiming to constitute a partner and ally to the professional Confectioner and Baker, offering a continually increasing range of quality products. Today AKTINA is a leading company in its sector and has become a main provider of ingredients to the Confectionery, Bakery, Pastry and Ice Cream industry, from large to small Producers, to Hotels, Restaurants and Catering Providers.

## Solutions & Recipes for the Modern Professional

Strong presence in the chocolate category, couvertures and compound chocolate, a complete line of pralines, ice-cream syrups, beverages, pastry mixes, desserts, pastry creams, confectionery decoration toppings, confectionery support products and basic ingredients.

AKTINA works closely with its customers providing continuous support and specialized service. Customer product needs are identified and a continuous development process of new products within the already existing categories of activity but also to new categories of products takes place. The development of new products is one of the main and ongoing objectives of the Company. R&D, Technical Support and Quality Assurance Departments are among the leading in the sector.

## Up to Date Production

AKTINA provides products of excellent and consistent quality and commits to the use of first rate ingredients in every product, ensuring quality control throughout the productive process. Production takes place in Greece to the highest standards of the international food industry. Production facilities are certified with HACCP 22000.
